

SUMMONS.
IN THE DISTRICT COURT OF THE First Judicial District, in the County of Pima, Territory of Arizona.
Richard Wolfenden, Plaintiff, against Anna Wolfenden, Defendant.
Action brought in the District Court of the First Judicial District in and for the County of Pima, in the Territory of Arizona.
The Territory of Arizona sends greeting to Anna Wolfenden.
You are hereby summoned and required to appear in an action brought against you by the above named plaintiff in the District Court of the First Judicial District in and for the County of Pima, in the Territory of Arizona, and answer the complaint filed with the Clerk of this Court at Tucson, in said County, within twenty days (exclusive of the day of service) after the service upon you of this summons, if served in this County; but if served out of the County and within this District, then within thirty days; in all other cases forty days.
The said action is brought to obtain a decree of this Court, dissolving the bonds of matrimony now existing between said plaintiff and defendant, on the grounds set forth in this complaint, on file herein, to which special reference is hereby made and for general relief.
And you are hereby notified that if you fail to appear and answer the said complaint as above required, the said plaintiff will apply to the Court for the relief there demanded.
Given under my hand and the seal of the said District Court, at Tucson, Pima County, this 17th day of February, 1878.
W. S. EDWARDS, Clerk.
HERBERT A. ZABRISKIE, Atty's for Plaintiff.
Feb 22

SUMMONS.
IN THE DISTRICT COURT OF THE First Judicial District, in the County of Pima, Territory of Arizona.
To Thomas S. Morgan, who is a non-resident of the Territory of Arizona.
John McCafferty and Ashley Henderson, plaintiffs, against Thomas S. Morgan and Samuel O. Smith, defendants.
Action brought in the District Court of the First Judicial District in and for the County of Pima, in the Territory of Arizona.
The Territory of Arizona sends greeting to Thomas S. Morgan and Samuel O. Smith. You are hereby summoned and required to appear in an action brought against you by the above named plaintiffs in the District Court of the First Judicial District in and for the County of Pima, in the Territory of Arizona, and answer the complaint filed with the Clerk of this Court at Tucson in said County (a copy of which complaint accompanies this summons) within twenty days (exclusive of the day of service) after the service upon you of this summons, if served in this County; but if served out of the County and within this District, then within thirty days; in all other cases forty days.
And you are hereby notified that if you fail to appear and answer the complaint as above required, the plaintiff will apply to the Court for the relief there demanded, in and out of the County and in this District, and cost and disbursements in this behalf expended.
Given under my hand and the seal of the said District Court at Tucson, this tenth day of February, A. D. 1878.
W. S. EDWARDS, Clerk.
By GEO. A. CLUM, Deputy.

Another Wonderful Cure!
Effected by
California Elastic Truss!
CALIFORNIA ELASTIC TRUSS COMPANY, W. J. HORNE, Proprietor.—Dear Sir: I feel that I owe it to you and to humanity to write the fact that I have been substantially cured of a bad case of Rupture of thirty years' standing, by one of your incomparable Trusses, which I purchased from you three months ago. I cannot describe the suffering, but it was really and mentally, that I have undergone during that period; and now I feel like a new being. I have not a sign of the Truss, both Steel and Elastic, and never received any permanent relief until I tried yours. Its simplicity of construction, and facility with which it can be adjusted, and the ease and perfect freedom to the motions of the body, with which it can be worn without causing any irritation, are its chief merits, and it is a perfect support. I have not had any sign of a return of the Rupture since the first day I put it on, and feel that I am PERFECTLY CURED. I am truly yours, ALFRED J. BIRKE, Chief Mail Clerk S. F. Daily Evening Post, San Francisco, July 20, 1878. Send for Illustrated Catalogue and Price List. CALIFORNIA ELASTIC TRUSS CO., No. 729 Market St., S. F. 25-12m

Mining Work Notice.
TO MONROE ADKINSON, YOU ARE hereby notified that we have expended \$100 in labor and improvements upon the Iron Cap Lode, situated in the Patagonia Mining District, about three-fourths of a mile from the French mine north, located December 1877, by C. O. Brown, Monroe Adkinson, W. M. Matlock and S. W. Lowell; recorded in Book C, on page 10 of the records of Pima County, as will appear by certificate filed this 26th day of January, A. D. 1878, in the office of the Recorder of said County, in order to hold the said premises under the provisions of the Act of Congress entitled "An Act to promote the development of the mining resources of the United States," approved May 10, 1872, being the amount required to hold the same for the period ending on the 15th day of December, A. D. 1878, and if within ninety days after this notice by publication, you fail or refuse to pay or contribute your proportion of the cost of the said work, the undersigned will claim forfeiture of all your right, title and interest, in and to every portion of said mining claim, which will become the property of the undersigned, under the Fifth Section of said Act.
S. W. LOWELL, Transferee of C. O. Brown.
W. M. MATLOCK, January 25, 1878. 15-12w

Mining Work Notice.
TO SILAS M. SHEPHERD OF INDIANAPOLIS, Indiana, or any person holding title from him, interested in that certain mining claim known as the Cerro Colorado, situated in Southwest part of Pima County, Arizona.
This is to notify you that in accordance with provisions of the Mining Act of May 10, 1872, that in compliance with requirements of said act, work has been done on said mining claim for one year back past, ending January 2, 1878, by the undersigned. Now therefore, if within ninety days from the first publication of this notice, you do not come forward and pay your proper proportion of the cost of the said work, the undersigned will claim forfeiture of all your right, title and interest, in and to every portion of said mining claim.
W. C. FERGUSON, Tucson, January 11, 1878. 15-12w

Mining Work Notice.
TO DAVID TAYLOR AND THOMAS EWING, or any other person holding or claiming title from them in that certain mining claim known as the Sacaton Lode, Quibary Mining District, Arizona.
This is to notify you that in accordance with provisions of the Mining Act of May 10, 1872, that in compliance with requirements of said act, work has been done on said mining claim for one year back past, ending March 1, 1878, by the undersigned. Now therefore, if within ninety days from the first publication of this notice, you do not come forward and pay your proper proportion of the cost of the said work, the undersigned will claim forfeiture of all your right, title and interest, in and to every portion of said mining claim.
SACATON, March 3, 1878. 15-12w

Mining Work Notice.
TO THE ESTATE OF ISAAC M. SHORT, deceased, and all others interested in that certain mining claim known as the Monitor mine, situated in the Oro Blanco Mining District, Pima County, Arizona.
This is to notify you that in accordance with provisions of the Mining Act of May 10, 1872, that in compliance with requirements of said act, work has been done on said mining claim for one year back past, ending October 12, 1878, by the undersigned. Now therefore, if within ninety days from the first publication of this notice, you do not come forward and pay your proper proportion of the cost of the said work, the undersigned will claim forfeiture of all your right, title and interest, in and to every portion of said mining claim.
B. A. HARASZTHY, Tucson, December 24, 1878. 17-12

THE CITIZEN.
FRIDAY, APRIL 4, 1878.
TELEGRAMS.
Congress—The Army Bill Introduced—Both Sides Skirmishing.
WASHINGTON, March 28.—In the House today Sparks introduced the Army Appropriation Bill. He stated that it was substantially the same as the bill which passed the last House, with the reorganization features stricken out. It retained the clause prohibiting the use of troops at the polls.
The provision allowing the War Department to supply any deficiency in the appropriation for the pay of the Army from other items in the Army Bill was stricken out.
A motion to decrease the Army to 15,000 was negatived.
The Republicans raised a point of order against the clause in the Bill which prohibits the presence of troops at the polls. This point will be overruled tomorrow, and their discussion on the merits of the main question will be commenced in due form. The Democratic leaders intend to allow ample time for debate on the main questions involved, and on this account it is doubtful whether the Republicans will attempt to delay the final passage of the Bill any longer than they may consider necessary to emphasize their opposition, and call the attention of the country generally to the situation. It is generally expected that the contest in the House over this Bill will end next week, and that the real tug of war will not come until issue is joined in regard to the repeal of the Federal Election law, which is to be provided for in the Legislative, Executive and Judicial Bill.

Experiments with Edison's New Light.
NEW YORK, March 28.—The first practical exhibition of Edison's electric light, as a system, has just been given. For the past two nights his entire laboratory and machine shop have been lighted up by the new apparatus. The result was eminently successful.
Pennsylvania Railroad Election.
PHILADELPHIA, March 28.—Colonel Thomas Scott was today re-elected President of the Pennsylvania Railroad Company.
Railroad to Leadville.
PUEBLO, COLO., March 28.—The first four miles of the Leadville extension of the Atchison, Topeka and Santa Fe Railroad was completed tonight.
Murder Trial Failed in California.
SAN BUENAVENTURA, CAL., March 28.—At the opening of the court this morning, Judge Granger, acting district attorney, moved that the prisoners Hunt, Lord and McCarthy, be released on the following grounds: first, because the State is taken by surprise at the conduct of the witness J. M. Jones, who has broken faith with the State; second, because while the State can corroborate Jones it has not sufficient evidence to convict without him; and third, because the court has held Brown to be an accomplice, and the State has not now evidence sufficient to corroborate him and convict the prisoners. The prisoners were ordered discharged after one year's imprisonment.

The Imprudence of the Party in Power.
An accounting officer of the Treasury, who passes upon the various appropriations, remarked to your correspondent that, although he had been many years in the Treasury, the third year for appropriations this year exceeded anything in his experience. He said our legislation, where money was involved, was becoming very vicious, and unless the people put a stop to it there was no telling what the result would be. He said that the lawmakers seemed to regard our debt as nothing, and went on appropriating money as if we did not owe a cent and were five times richer than before the war, when as a matter of fact the people were less able to bear the burdens than then. Yet as a matter of fact, the public debt is a mortgage upon every man's property to the extent of ten per cent. of its value, for the true gold value of property was today in this country not over twenty billions of dollars. The assessed valuation by States is very much less than this, and it was in 1870 the basis for placing a mortgage upon every man's property to the extent of ten per cent. of its value, for the true gold value of property was today in this country not over twenty billions of dollars. The assessed valuation by States is very much less than this, and it was in 1870 the basis for placing a mortgage upon every man's property to the extent of ten per cent. of its value, for the true gold value of property was today in this country not over twenty billions of dollars.

REFERRING to the paragraph recently published in some of our territorial papers to the effect that the Utah Southern would be extended southward into Arizona, and toward Guaymas at once, the Alta says:
The Utah Southern Railroad Company have more money and less brains than we imagine if they have decided upon any such course. Prescott is 360 miles due south from Nephi, and any railroad route between the two places would be at least 450 miles long, running through a rugged, desolate, and unpopulated country, with a nowhere for a terminus at each end. The supposition that the Mormons have \$10,000,000 to invest in such a venture would have had its origin in an imagination unaccompanied by familiarity with vulgar considerations of cost and profit.
"Sit still! my heart, sit still!" Does any one dare call our Prescott "a nowhere?"
THE LOS ANGELES Commercial thinks that a movement for the annexation of Sonora is altogether probable, because there are numbers of adventurers now in Arizona, ready and anxious to go to a filibustering. Somebody has been giving the Commercial "tally," bad.

A DEAD-LOCK and a very long session is the burden of prophecy from Washington.

Interesting to Anthropologists.
A resident here some time ago, while excavating an old building for the purpose of making a cellar, found two skeletons, one of a grown person and the other of a child. The building is sixty feet in length, interior, and eleven feet in width, built of box adobe. It had three partition walls, built of the same material. The walls are about two feet thick. The skeleton of the grown person was found about six feet beneath the surface of the ruins, almost intact. The skull was well shaped, except for a small protuberance about where the Phrenologists locate amativeness. The teeth were small and sound. Placed near the skull was found a small olla, containing what seemed to be the thigh bones of a turkey. After the skull was taken from its place, hair was discovered which on examination was found to be brown. But when exposed a short time to the air it became so much dust that the skeleton of the child was found in a niche in the east wall, securely closed by a thin rock nearly two feet square. The building had evidently been burned at some time, as all the timbers which were used in its structure were found in a charred condition. The timber used was the cedar. Who were the people who once must have been so numerous from the mouth of the Gila to its source? How many millions must there have been? We cannot answer these questions. The whole valley at one time was thickly studded with buildings. I have read I think the history of all the aboriginal races of the Continent, and I can find nowhere a record of any race that had the protuberance aforesaid. At first when I saw this malformation I believed it was caused by some accident to the skull, but since, I have been assured that it was hereditary to the race. The protuberance was about the size of a hen's egg. We know this race cultivated the soil, because we find corn about the size of the small sweet, pumpkin or squash seed, a seed which is the exact counterpart of our hemp, and numerous kinds of seeds resembling our melon varieties. We must believe that they had a beast of burden, because we find the teeth of some animal, they must have been very large. The first European that visited the Gila was Father Nisa, the romantic priest, in 1539, and he was the first to write about the prehistoric civilization to be found in Arizona and New Mexico. He says that the traditions of the Aztec were full of stories relative to the old civilization, and its fabulous wealth. Historians differ in opinion, but many believe that this people were extinct before the Aztec race knew anything about this country. The tradition of the Apaches is that they have been living here about 900 years, and that when they found the ruins about as we find them. If such is the case, it may have been several centuries previous to the arrival of the Apache, when this people abandoned the country or was destroyed.
The foregoing is a letter written from Richmond, Grant county, New Mexico, to the Grant County Herald, and contains information which, if true, cannot fail to be of great interest to antiquaries.
A few days ago Miss Clara Morris, the actress, was reported to have done a very unlady like thing, in requesting her husband to thrash an individual who had stared at her some time previously, very severe comments were made in all the great newspapers, and especially in those of California and the coast. But now Miss Morris has written a letter to Don Platt, in which she goes for that Heathen Chinese whom she saw in Frisco, and she is at once restored to full favor in the editorial columns of all the great dailies.
We learn from Mr. Zabriskie that quite an important strike was made last week in the Tough Nut claim; also, that the new shaft on the Contention mine is now in a body of ore beautiful in appearance and very rich in quality. We hope soon to be able to give our readers the result of the first run in the new mill on ore from the first of the above mentioned claims.
The House Republican caucus, held on the 27th determined to resist the Democratic programme to the last. It seems probable that the Greenbackers will join them. The Cabinet is united in favor of the election laws, with the exception of Evans. Mr. Key is the most radical of them all.
THE machinery necessary to complete the Arivaca mill for working any kind of ores, came in last night and proceeded on its way this morning.
LETTERS just received from Tombstone, Pima county, state that a very little is going on there at the present time, and that work is very scarce and money scarce.—Enterprise.
Ye letter written cuts out ye little tale from ye whole cloth, and the truth is not in him.
Two mines in Maricopa county, the Copeland and the Pacific, have been bonded to Charles Conves, of San Francisco, at \$125,000.
MAJOR R. H. TOWLER has been assigned to duty as Acting Chief Paymaster of this Department during the absence of Major Hall.
It is reported that the demand for the excise tickets to Maricopaville, is so great that the sale will have to be stopped.
An intention to admit Utah as a new Democratic State is suspected on the part of the majority in Congress.
FORTY California newspapers support the New Constitution, and eighty-four oppose it.

Send for price list.
THOMAS A. COX & CO., 106 Howard St., San Francisco.

VEGETINE
FOR
Chills, Shakes, Fever and Ague.
TAKENORO, N. C., 1878.
Dr. H. R. STEVENS:
Dear Sir—I feel very grateful for what your valuable medicine, Vegetine, has done in my family. I wish to express my thanks by informing you of the wonderful cure of my son, also, to let you know that Vegetine is the best medicine I ever saw for Chills, Shakes, Fever and Ague. My son was sick with miasmas in 1875, which left him with Hip-joint disease. My son suffered a great deal of pain, all of the time; the pain was so great that he did nothing but cry. The doctors did not help him a particle, he could not lift his foot from the floor, he could not move without crutches. I read your advertisement in the "Louisville Courier Journal," that Vegetine was a great Blood Purifier and Blood Food. I tried one bottle, which was a great benefit. He kept on with the medicine, gradually gaining. He has taken eighteen bottles in all, and he is completely restored to health, waits without crutches or cane. He is twenty years of age, I have a younger son, fifteen years of age, who is subject to Chills. Whenever he feels coming on, he comes in, takes a dose of Vegetine, and that is the last of the Chills. Vegetine leaves no bad effect upon the system like most of the medicines recommended for Chills. I cheerfully recommend Vegetine for such cases. I think it is the greatest medicine in the world.
Respectfully,
MRS. J. W. LLOYD.
VEGETINE. When the blood becomes thick and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, the Vegetine will renew the blood, carry off the putrid humors, cleanse the stomach, regulate the bowels, and impart a tone of vigor to the whole body.

Vegetine.
FOR
Dyspepsia, Nervousness, and General Debility.
BERKSHIRE, N. Y., 1878.
We, the undersigned, having used Vegetine, take pleasure in recommending it to all those who are afflicted with any kind of Dyspepsia, Nervousness, or General Debility, it being the Great Blood Purifier. Vegetine will renew the blood, carry off the putrid humors, cleanse the stomach, regulate the bowels, and impart a tone of vigor to the whole body.
Respectfully,
MRS. L. F. PERKINS,
MRS. H. W. SCOTT,
JOSEPHUS SLATE.
Vegetine is the best blood restorative composed exclusively of herbs, roots, and herbs. It is very pleasant to take; every child likes it.
Vegetine
FOR
Nervous Headache and Rheumatism.
CINCINNATI, O., April 9, 1877.
H. R. STEVENS, Esq.
Dear Sir—I have used your Vegetine for Nervous Headache, and also for Rheumatism, and have found entire relief from both, and take great pleasure in recommending it to all who may be likewise afflicted.
